

Driving to Megeve from Geneva

Hopefully you have hired a car on the Swiss side of the airport. If so it will have a Swiss motorway vignette.

From the French side of the airport

If you have hired from the French side of the airport, check if your car has a Swiss motorway vignette. If so, when you come out from the airport access road, you will see the border on your right. Go through the border to Switzerland back to the Swiss side of the airport and get on the motorway to FRANCE. If you do not have a Swiss vignette, follow signs for the centre of Geneva, then cross the river and follow signs for Chamonix until you get to the A40 motorway. Then continue from the first page below.

From the Swiss side of the airport. Follow signs towards FRANCE.

There are several sets of traffic lights, then a T junction. France is to the left, but get in the middle lane, because you turn right after about 50 metres onto the Autoroute. Continue to the border.

About 1km after the border, the road divides:

Keep left – **CHAMONIX, Milan** - Join the A40.

After a few km, A40/A411 Single file. Fork right and stay on A40

First Large Roundabout

For Chalet-Hotel Rond Point,

Turn left at first large roundabout, 100m to mini roundabout. Rond Point is to your left on the roundabout.

Sometimes you can stop opposite, or go 50m up hill to a small car park, turn there and stop outside the door to unload. Then find somewhere to park. Phone 0033 (0) 4 5058 9024.

For Chalet Roseau

As for Rond Point but go on up to small car park. Roseau is 20m up the hill behind the car park, but get the key from the Rond Point.

For Hotel au Cour de Megeve

As for Rond Point but turn right at mini roundabout. Past the ice rink, the road narrows and the Cour de Megeve is straight ahead where the narrow road turns left. Usually best to stop by car park exit at the end of the ice rink and carry your bags from there.

Between the two large Roundabouts:

For Hotel Grange D'Arly

Past first roundabout. Turn right after about 100m immediately after the bus station.

At Second large roundabout, turn left Post Office (PTT) on corner.

For Apartment Fermes de Glapet

Go 100 metres and look for somewhere to park. The Glapet is at the first cross roads 20m on the left inside the pedestrianised area. Next to the cheese shop. Collect the keys and entrance code from Chalet Rond Point first.

For Hotel Vieux Moulin

100m from roundabout, turn right at cross roads. Vieux Moulin is 30 metres on right.

For Hotel Chalet St Georges

Past cross roads and car park. St Georges is ahead, slightly left when the road bears right. Car park entrance at left hand side.

For Hotel Gai Soliel

Just past the St Georges, fork right, sport 2000 on your left. 200m.

For Chalets Sylvana and Les Clochettes

Continue up the hill past the St Georges on your left, fork left, Sport 2000 on your right. When you see **Ski Technik** on left, Turn left up the narrow, steep track to the **left** of Ski Technik. We mean **left**. **75% of people go up the road to the right!!!** If in doubt ask at Ski Technik.
